STATE HOUSE ANNEX
25 CAPITOL STREET
CONCORD, NEW HAMPSHIRE 03301-6398

ADDENDUM # 1

TO BID INVITATION # 69-17

DATE OF BID OPENING: 10/13/16

TIME OF BID OPENING: 11:00 AM (EST)

FOR: WOOD GUARDRAIL – SUPPLY ONLY

QUESTION #1

Are we correct in assuming that mailed bids should be addressed to the Bureau of Purchase and Property to the address in the top left corner of the bid cover sheet?

ANSWER #1

This is correct however it is preferable to submit it via e-mail as per the instructions on page 5 of the bid.

QUESTION #2

Are we required to return all pages of the bid.....or just the notarized bid cover sheet, vendor contact info sheet, and the response table/price sheets?

ANSWER #2

It is preferred but not necessary that you return the entire bid document with your response.

QUESTION #3

Would you please define "split" deliveries? Both destination/total items will comfortably fit on one (1) truck.....may we assume that we can make both deliveries on the same day, using the same truck please?

ANSWER #3

"Split Deliveries" defined: If at all possible, and practical, when items are backordered, we prefer that you hold delivery until most of those items arrive, and then ship all parts for the

purchase order once the shipment is complete. If the order is large, it is perfectly acceptable to send multiple trucks on 2 or 3 different days if necessary. When a minimal number of parts are backordered (1 to 3 parts), you may ship the order, but it is important to understand that we cannot process payment until every item on the purchase order is received at our location.

QUESTION #4

Unless we missed it, we cannot find a statement in the bid documents that ask or state what the desired delivery lead time is after receipt of order. Is there a lead time stated (or desired) and/or can we state our such somewhere on our bid (perhaps on the response table/price sheet)?

ANSWER #4

Please see "Delivery Time" instructions on page 8 of the bid.

QUESTION #5

Regarding the District 3 items, there is an entry for 100 Each 8" diameter round posts. Please note that there is no length stated nor is there any stated tolerances on the post length or diameter. Note that I contacted Mr. Andrew Dame at the Moultonborough, NH warehouse to ask these questions and he stated that the posts are 6'0" in length but could not offer a comment on diameter tolerances. We have furnished the round posts to NHDOT guardrail contractors in the past and have shipped the round posts identified as minimum 7 1/2" top end diameter and 9 1/2" butt diameter and we had no problems with acceptance.....may we assume that posts identified as stated above will be acceptable? *Also, we asked Mr. Dame if the round posts required drilled holes and he stated that they typically receive that item without pre-drilled holes.....is that acceptable?*

ANSWER #5

Obtaining information on a bid other than from this office could jeopardize your bid. You should always follow the instructions in the bid to be sure you have correct information and that your bid will be compliant.

Post size is 8" in diameter, 6 feet long, with minimum tolerance of 7 1/2" top end, and a maximum tolerance of 9 1/2" butt diameter. Absolutely no larger or smaller.

PURCHASING AGENT: ROBERT LAWSON
TEL. NO.: 603/271- 3147
